Assignment 4
MUS 199 Functional Analysis
Due Feb. 4, 2014

For this assignment, on your own staff paper, copy out the chorale melody and the functional
pillars (TPDs that appear in root position). Leave the pillars, but invent other harmonies with
different secondary functions and inversions. You don't need to be Bach; feel free to experiment.
Scores for "An Wasserflussen Babylon" and "Aus meines Herzen Grunde" are attached.
Challenge assignment: Do both chorales.

Aus meines Herzens Grunde.

An Wasserflüssen Babylon. (Vergl. Nr. 309.)

Christus der ist mein Leben
